Ruben Dsouza

Data & Business Analyst

Mumbai, India | +91 9769377541 | officialrubendsouza@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Data & Business Analyst with 2+ years in data governance and validation at Nielsen Media, turning large, messy operational datasets into reliable, decision-ready data. Built a Gemini-based automation workflow that saves ~20 hours of manual review per week, and personally audits ~19,000 records every 6 months. Uses SQL for data extraction and filtering, with working knowledge of Python and Power BI, and a growing focus on LLM-based automation.

SKILLS

- **Analytics & BI:** SQL (extraction, filtering, joins), Python, Power BI, Looker Studio, Advanced Excel, Trend & Regional Sales Analysis
- **AI & Automation:** Gemini automation workflows, Google AppSheet, Claude Code, Prompt Engineering, LLM-assisted data workflows
- **Data Governance:** Data Quality Assurance, Manual Auditing & Verification, Process Improvement, Cross-Functional Coordination, Documentation

PROFESSIONAL EXPERIENCE

Reference Data Analyst | Nielsen Media *Nov 2024 – Present*

- Designed and built a Gemini-based automation workflow to validate reference data records, saving ~20 hours of manual review per week.
- Audited ~19,000 reference data records over 6 months, identifying and resolving all flagged discrepancies through manual verification.
- Helped redesign the data validation BAU process by excluding unnecessary data from audit scope, reducing the dataset requiring manual review by ~50%.
- Extracted, filtered, and validated large datasets using SQL to support data-driven decisions for core product teams.
- Identified and eliminated duplicate content to establish clean relational links, improving consistency across platforms.
- Coordinated with the software team to resolve data issues, working through the process team to align with product requirements.

Marketing Data Analyst | Ego Premium Private Limited *Jul 2023 – Oct 2024*

- Analyzed regional and city-level sales data to identify market trends and direct targeted marketing campaigns and resource allocation.
- Coauthored data-driven sales strategies and tracked campaign metrics, driving a 15% improvement in campaign effectiveness.
- Partnered with cross-functional teams to align data insights with social media content development.

Communications Support Associate / Management Intern | Curiosum Tech Pvt. Ltd. *Feb 2019 – Jun 2023*

- Administered a database of 1,000+ membership profiles and a 15,000+ subscriber mailing list; led process improvements in IT and internal operations.
- Managed vendor relations and job portal verification; coordinated on-ground operations for Formula Bharat 2020 and 2022.

EDUCATION

- Bachelor's in Management Studies (BMS) — SIES College of Management Studies (2020 – 2023)
- Higher Secondary Certificate (Commerce) — Aryan Junior College (2017 – 2020)
